Growth in Pasco County

AdventHealth Zephyrhills Medical Office Building

AdventHealth is growing once again in Pasco County with plans to construct a new medical office building on the AdventHealth Zephyrhills campus. This facility will provide nearly 35,000 square feet of additional space for new and employed physicians, while offering patients more high-quality health care options close to home.

Growth in Pasco County

AdventHealth Dade City Medical Office Building Renovations

AdventHealth Dade City is expanding its clinical space, and we are thrilled to open a new AdventHealth Medical Group clinic adjacent to the hospital later this year.

Growth in Pasco County

AdventHealth Meadow Pointe ER | Opened April 29

- AdventHealth Zephyrhills recently opened AdventHealth Meadow Pointe ER with 12 patient beds, two triage rooms and imaging and lab services, as well as a pediatric-friendly room.
- The new ER brought in more than two-dozen jobs to the area. This is our fifth AdventHealth location in Pasco County.

THANK Y♥U.
