From Hwy 301 Heading North: Turn right (east) onto 5th Ave.

From Hwy 301 Heading South: Turn left (west) onto 5th Ave.

From I-4: Take Plant City, Hwy 39/Paul S. Buchman Hwy Exit North. Head North to Zephyrhills. Turn right (east) onto South Ave. Continue forward to 5th Avenue.

On MapQuest/Google Maps: 38550 Fifth Avenue, Zephyrhills Florida, 33542.

SET UP AND PARKING

VENDORS & SPONSORS setting up a booth should approach 5th Avenue from US Hwy 301 and turn East towards downtown Zephyrhills. A volunteer at the barricades will check you in and confirm your vendor location number before allowing you to enter the festival area. Intersections will close at 5 am to prevent other non-vendor or non-sponsor traffic onto 5th Avenue.

You may arrive on Saturday, February 8th as early as 4:00 am. Due to the tightness of the street, you must drop your items at your spot and then immediately move your vehicles to the vendor parking area.

It will be easiest for you to approach 5th Avenue from 10th Street going West if your number is on the north side of the street. If you are on the south side of the street, then it will be easiest for you to approach from Hwy 301.

Alcohol Sales & Consumption Policy

No alcoholic beverages will be carried in by participants or by members of the public. The sale of alcoholic beverages is prohibited by any participant or vendor within the venue at any time. The organizer (Chamber of Commerce) is the exclusive licensed alcohol vendor on site and will sell beer and wine in designated area only. Photo ID will be required to purchase alcohol. No minor will be provided alcohol at any time. At the discretion of the ZPD and/or organizer any individual disrespecting the Alcohol Sales & Consumption Policy will be immediately escorted from the venue and disqualified from future participation in the event.

Waste Disposal

Participants are requested to respect the venue during and after the event and required to dispose of ALL trash or waste at your site before leaving. Please break down cardboard boxes before disposing of them and should be placed near the many trashcans in the area. **Concession trucks MUST take all oil/grease with them!**

Lost & Found

Please always keep valuables in a safe place. The Chamber of Commerce will hold items until the end of the day on February 14th at 38550 Fifth Avenue. Please turn in any items found to the Chamber tent or the Chamber building.

Pets

Sorry, no pets allowed at any time. Guide Dogs and Therapy Dogs are an exception and should be properly identified.

First Aid

Zephyrhills Fire Rescue Explorers will operate a First Aid station at the venue during the event. Please use this tent for basic first aid needs and report any other emergencies immediately by calling 911.

FIRE AND SAFETY REGULATIONS

The AHJ shall be permitted to regulate all outdoor events such as carnivals and fairs as it pertains to access for emergency vehicles; access to fire protection equipment; placement of stands, concession booths, and exhibits; and the control of hazardous conditions dangerous to life and property. NFPA 1, Section 10.16.2

Event coordinator(s) shall provide the vendors a checklist of what is expected of them at the event. However, individual vendors within the special event shall be held responsible for their individual vending space.

All Teams and Vendors will agree to abide by these fire & safety regulations. Those that do not comply with the guidelines of this checklist for their vending arrangement are subject to immediate denial for participation of the permitted event.

_____ If tent is greater than 10 x 10, flame retardant certification is required. If multiple 10 x 10 tents are placed together to create one large space under canopy, then a flame-Retardant certification shall be required on all tents.

_____ No smoking signs must be placed outside entrances (tents 20' x 20' or greater)

_____ If a tent has sides, the sides shall be in the up position unless there is inclement weather, then 2 sides must be in the up position.

_____ Adjacent tents shall be spaced a minimum of five (5) feet to provide an area to be used as a means of emergency egress. If stake lines are used to secure the tent, then the five (5) feet shall be measured from the stake line.

_____ The ground enclosed by any tent and ground not less than 120" outside the tent shall be cleared of all flammables or combustible material or vegetation that is not used for necessary support equipment.

_____ If lighting is installed in tent, it shall be in the way that bulbs are not in direct contact with the tent. Bulb/lamp cages shall be used.

_____ If power is supplied by generator, generator shall be a minimum of 5 feet from the tent and shall be isolated from contact with the public by either physical guards, fencing, or an enclosure. Fuel containers shall not be stored within close proximity of any ignition source.

_____ Any extension cords used shall be placed or positioned to not cause a trip/fall hazard.

_____ A minimum of one portable fire extinguisher with a rating of not less than 2-A:10-B:C shall be provided if there is any type of ignition source present within or associated with the tent. (See Note at bottom)

_____ If an LP (propane) tank is used by the vendor it shall be positioned outside the footprint of the tent. If cooking is involved:

_____ A minimum of one Class K portable fire extinguisher shall be present at each concession stand that utilizes vegetable or animal grease, cooking oils or any other process that produces grease laden vapors. (See note at bottom)

_____ Concession stands utilized for cooking shall have a minimum 10 ft (3 m) of clearance on two sides and shall not be located within 10 ft. (3 m) of amusement rides or devices.

_____ If cooking is taking place under **any** tent, a flame-retardant certification is required.

_____ Any appliance used for cooking that utilizes a vent, that appliance shall be positioned to vent outside the tent.

_____ Cooking equipment used in fixed, mobile, or temporary concessions, such as trucks, buses, trailers, pavilions, tents, or any form of

_____ roofed enclosure, shall comply with this standard unless all or part of the installation is exempted by the AHJ. NFPA 1, Section 50.2.9

NOTE: State of Florida requires all extinguishers to be certified by an authorized and by licensed fire extinguisher company.
