In recognition of Florida Lineworker Appreciation Day, Tampa Electric (TECO) celebrates the thousands of lineworkers who support the safe and reliable delivery of energy services throughout our state. Their unwavering dedication, often under challenging circumstances, keeps our power on and our communities connected.

Lineworkers are a vital part of Florida's workforce. That's why we partnered with Hillsborough Community College to create the Electrical Line Worker Training Program. It's an innovative workforce development initiative aimed at meeting the growing demand for skilled workers in Florida's utility sector while removing financial barriers and developing a pathway to employment in these crucial roles.

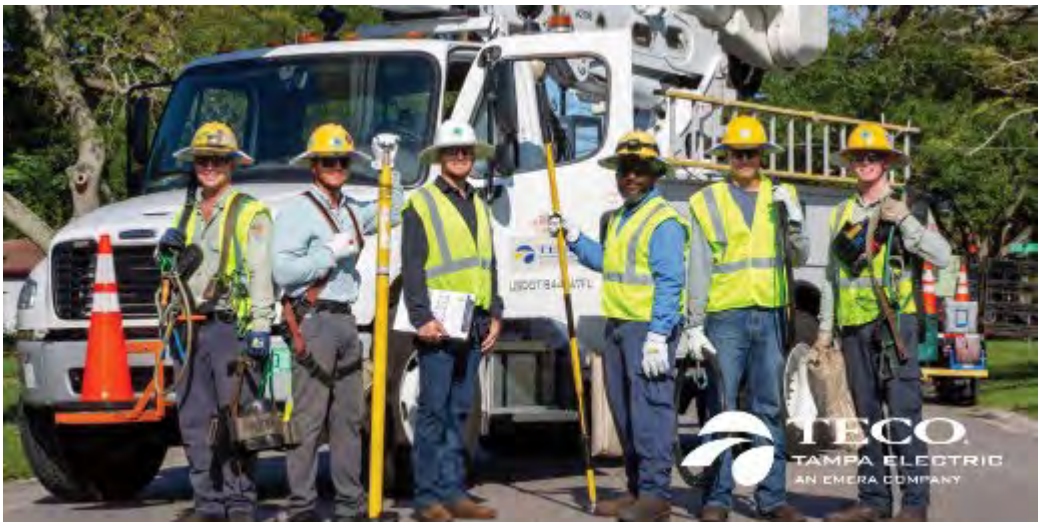

We welcome you to join us in recognizing the lineworkers who help keep the power flowing for Florida homes and businesses. Below are a few social media posts and graphics you can use **today** to thank lineworkers for all they do in the Sunshine State.

Potential Social Post:

Today, on #FloridaLineworkerAppreciationDay, we celebrate men and women who keep our power on and our communities connected!

Thank you to the #FloridaLineworkers who work around the clock to deliver safe, reliable energy throughout the state!

EAST PASCO CHAMBER

Board of Directors & Staff 2024-2025

BRIAN E. CORLEY
SUPERVISOR OF ELECTIONS, PASCO COUNTY

Expanded Post Election Audit

As the Supervisor of Elections in Pasco County, my primary responsibility is to ensure the integrity and security of our elections. One of the cornerstones of this duty is adhering strictly to Florida election law, which includes conducting mandatory voting system audits after each election. These audits are vital for maintaining transparency and public trust, ensuring that every vote is accurately counted and that the electoral process remains fair and secure.

Since 2008, we had complied with the law by randomly selecting a contest from the ballot and randomly selecting three precincts to audit. While this reinforced the accuracy of our voting tabulators, we wanted to expand our voting system audit. That expansion and commitment to bolstering confidence was the implementation of the latest state-certified technology for post-election audits: the Clear Audit system. This advanced system is designed to adjudicate each oval on every ballot. This means that every ballot cast in Pasco County is independently accounted for and can be reviewed, adding an additional layer of confidence in the accuracy and fairness of our elections.

In conclusion, my commitment as Supervisor of Elections is to uphold the law and maintain the highest standards of election integrity. Through the implementation of advanced technology, updated security protocols, and strict adherence to Florida election law, I am dedicated to ensuring that every election in Pasco County is conducted fairly, securely, and transparently. The trust of our voters is something I hold in the highest regard, and I will continue to work diligently to protect and uphold that trust in every election!

October 2024 Sheriff Letter

Get To Know PSO's School-Based Members

As Pasco County students dash to class for another exciting school year, Pasco Sheriff's Office school-based members also returning to campuses. School Resource Officers (SROs), School Crossing Guards (SCGs) and Traffic Control Officers (TCOs) are geared up to once again do what they do best: protect students, families and school staff. Read about the dedicated PSO members who safeguard our students and the many ways they impact the community here!

With the new school year underway, PSO wants to reassure our citizens that our School Resource Officers (SROs) are ready. Each of these deputies is specially trained and assigned to specific schools. SROs work to ensure a safe and supportive learning environment for students, teachers, faculty and staff. Their presence offers reassurance that a certified law enforcement officer is available in an emergency, and they also act as a deterrent to crime. While SROs are recognized on campus by their badges, their role involves more than protecting and serving. They also provide mentorship and education by serving as coaches, club leaders and more. By engaging with students and being positive role models, SROs make a lasting impact during these critical years.

Thanks to the dedication of our School Crossing Guards (SCGs) and Traffic Control Officers (TCOs), Pasco County students, families and pedestrians can travel through school zones safely. All SCGs and TCOs are employed by PSO and certified by the Florida Department of Transportation. SCGs assist people in safely crossing busy streets, while TCOs regulate vehicle traffic in these areas to ensure the safety of everyone passing through, including motorists. PSO's School Crossing Guard unit was honored as Florida's 2023 School Crossing Guard Program/Agency of the Year (Large Agency) by the Florida Department of Transportation. This recognition acknowledges the exceptional service PSO SCGs and TCOs provide in promoting pedestrian and traffic safety.

Many young citizens first interact with the Pasco Sheriff's Office through our school-based members. These members strive to create positive interactions with students to foster trust and encourage safe habits. They provide presentations on relevant issues and safety practices to ensure the safety of our community's youngest members. Additionally, SCGs and TCOs frequently give free pedestrian safety training for children aged 4-6. Teaching children how to use crosswalks early on is crucial for their safety as they advance in their education. They also present to Safety Patrol students to reinforce the importance of school safety and how they can contribute to keeping their peers safe. These educational initiatives help students develop the knowledge and confidence to be good citizens and leaders.

The first week of the new school year was a great success. On the first day of school, PSO deputies and Pasco County Fire Rescue showed their support for students with signs reminding drivers to slow down. SROs introduced themselves to the students, and some even gave presentations on critical safety information. It takes a dedicated team to help keep Pasco County students safe. If you want to join PSO in our mission to serve and protect, you can apply today at JoinPSO.com!

Sheriff Chris Nocco

Additional Sheriff Letter

PSO Finds Truth Through Science

Amongst the many law enforcement personnel who walk through a crime scene is a specialized group of people who find truth through science: our forensic investigators. Assisting deputies on various calls, including burglaries, overdoses, shootings and homicides, those who work in the field of forensics provide valuable skills to help solve crimes and bring closure to families. Pasco Sheriff's Office is pleased to highlight our forensic services section and our agency's different forensic science entities.

PSO's Forensic Services Section consists of forensic investigators, latent print examiners and a Human Remains Detection K9. Each aspect of this section helps deputies identify subjects, solve crimes and bring closure to families. Forensic investigators assist deputies by using skills such as crime scene documentation and reconstruction, DNA collection and blood pattern analysis. Latent print examiners help find leads by processing, comparing and identifying collected prints through an extensive verification procedure. This specialized unit also includes K9 Diesel, a Human Remains Detection K9 and one of the only forensics-integrated K9s in the country.

Florida's Forensic Institute for Research, Security and Tactics, or F1RST, is a world-class training and research facility that PSO established to drive innovative and proactive approaches to policing. F1RST researches various topics, one of which is forensic anthropology. The facilities at F1RST provide ideal environments for forensic investigators and other practitioners to develop new methods and strategies for critical steps in the investigative process. The knowledge and skills gained through F1RST are then applied to actual cases, increasing public safety and bringing closure to families. F1RST also includes an in-house forensic anthropologist, who often joins PSO investigators on cases to identify discovered human remains.

PSO forensic investigators proudly pass their knowledge to the next generation through the Explorer Post 916: Forensic Branch. This exciting program is for those aged 14-21 to explore how science-based initiatives help law enforcement and our community. Participants in the program learn from experienced PSO forensic investigators and earn some of the same certificates as our forensic investigators, providing Explorers with first-hand experience training like forensic investigators.

To learn more, visit PascoExplorersPascoSheriff.com.

College students interested in advancing their education and gaining experience in the forensic field can apply for PSO's forensic internship and the F1RST internship. Our interns learn about the various methodologies forensic investigators use to analyze and document crime scenes and collect and examine valuable evidence. Students interested can learn more at JoinPSO.com.

Forensic science is an exceptional asset to protecting our citizens. The unique skills and expertise forensic investigators and anthropologists bring to a case help deputies solve crimes faster and provide much-needed answers to those affected by crime. PSO is grateful to our forensic members and proud to provide opportunities for others to learn more about this essential specialization.

Sheriff Chris Nocco

October Dade City Manager's Update

Happy October, Dade City! We are so excited for the Fall Season and the many opportunities to enjoy Dade City that it brings!

Our Dade City Youth Council will be bringing back the Marketplace on October 5th! Look for them at the Community Park near The Spoke. If you are interested in being a vendor, please email Marieke at: mvanerven@dadecityfl.com

In addition to the Marketplace, we have some special events planned for you this month. On October 26th, stop by Agnes Lamb Park from 10 to 1 for the Halloween Spooktacular. Also on October 26th, join us at the exquisitely refurbished Touchton Park for the Monarch Butterfly Festival. The Festival runs from 10 am to 4 pm and is being jointly sponsored by the City and the Dade City Garden Club.

Keep an eye out for the Dade City Center for the Arts hay bales that will soon decorate our City. We appreciate the DCCA's partnership and their commitment to bringing the arts to Dade City.

Are you or someone you know interested on serving the City of Dade City through volunteering on a City Board? Check out our different boards and find our application online at: https://www.dadecityfl.com/your_community/about_our_city/volunteering.php

We know the detours from the 98 Bypass Construction can be frustrating – we are grateful to have a community that supports improvement and necessary upgrades. Staff is working closely with FDOT to continually adjust detours and provide additional options to ensure traffic flows as smoothly as possible. We hear your concerns and are working to make sure we address any potential issues that may arise. For more information on the closures and project, please feel free to visit: https://www.fdottampabay.com/project/939/256423-3-52-01

Upcoming City Commission and Board Meetings:

Wednesday October 2 – Planning Board Meeting
Tuesday October 8 – CRA Meeting, Commission Meeting
Monday October 14 – Historic Preservation Advisory Board Meeting
Thursday October 17 – Redevelopment Advisory Committee
Monday October 21 – Joint Workshop Planning Board/City Commission
Tuesday October 22 – City Commission Meeting

Leslie Porter, City Manager

Breakfast Sep 12, 2024

Sponsor: Trax Credit Union

Breakfast Sponsor Trax Credit Union and Speaker Commissioner Ron Oakley

Did you know sponsoring a Chamber Breakfast is a great way to connect with local community leader and fellow chamber of commerce members?

Mangroves and Manatees: Tampa Electric in the Community

This week, Tampa Electric (TECO) partnered with Duke Energy, Coastal Conservation Association Florida and Hillsborough and Pinellas County governments to increase environmental resilience in the region.

Thanks to 40 volunteers from the partnering organizations, about 700 red and black mangroves grown and donated by CCA Florida and the Duke Energy Crystal River Mariculture Center are now taking root at two locations impacted by tidal influence.

Mangrove ecosystems are vital to the health of Florida's coastal estuaries. They reduce coastal erosion, improve water quality by filtering excess nutrients and absorb carbon dioxide while providing habitat and refuge for fish and wildlife.

Among the wildlife that make Florida's coastal estuaries home, the manatee is arguably one of the most beloved. TECO's commitment to supporting and educating the public about the threatened species has spanned decades. Now, we're preparing to host our third annual Run for the Manatees 5K in January, which raises awareness and support for manatee conservation.

The 5K route boasts beautiful scenery as it passes our Manatee Viewing Center and winds through the trails of the Florida Conservation and Technology Center (FCTC) campus. We welcome you to join us for this popular run before it sells out!

As we look forward to this and other future stewardship events, we thank you and all our partners for amplifying our efforts to increase the region's resilience.

Thank you,

Andy Taylor

THE EAST PASCO CHAMBER'S CITIZEN OF THE MONTH

9/18/2024 at Chick-fil-A for schools in Zephyrhills

United Way of Pasco County Allocates $176,844 from FEMA for Phase 41 of the Emergency Food and Shelter Program Funding

United Way of Pasco County (UWPC) has received $176,844 from FEMA for Phase 41 of the Emergency Food and Shelter National Board Program (EFSP), which is being allocated to local non-profit organizations in Pasco County. This will enhance efforts in providing shelter, food, and financial supportive services to residents experiencing economic crises.

A Local Board comprising of representatives from social service providers, local government, the faith community, Homeless Coalition, and UWPC reviewed applications and allocated funding based on community needs. Eligible agencies must be 501(c)(3) non-profit organizations in good standing with the Federal Government and capable of delivering services such as served meals, food distribution, mass shelter, other shelter types, rent/mortgage assistance, or utility assistance.

The federal funds from FEMA are designated for natural disasters, emergency situations, and areas with high poverty. EFSP funding can be utilized for food, rent, utilities, and mass shelter. Last year, FEMA, through UWPC, distributed $79,903 in EFSP funding. This year, FEMA significantly increased its distribution to $176,844.

The Emergency Food and Shelter Program was established on March 24, 1983, with the signing of the "Jobs Stimulus Bill," Public Law 98-8, and authorized under the Stewart B. McKinney Homeless Assistance Act (P.L. 100-77). In accordance with the legislation, the National Board encourages Local Boards to place special emphasis on assisting the elderly, families with children, Native Americans, and Veterans.

“Thank you to FEMA for entrusting United Way of Pasco with this responsibility year after year as we continue to make strides in Pasco in supporting all residents in need of basic needs and services,” remarked Charles Anderson, president of United Way of Pasco County, “This will increase the quality of life in Pasco County, as residents will be able to access shelter, food, and utilities.”

The following organizations received funding:

- **Daystar Hope Center of Pasco**: $10,000 for Other Foods
- **First Presbyterian Church**: $7,500 for Served Meals
- **Fresh Start for Pasco**: $16,800 for Rent/Mortgage, and $3,000 for Utility Assistance (Total: $19,800)
- **Hopeville Family Ministries**: $15,000 for Other Foods
- **Metropolitan Ministries**: $20,000 for Mass Shelter
- **One Community Now**: $10,000 for Other Shelter, $18,044 for Rent/Mortgage, and $4,000 for Utility Assistance (Total: $32,044)
- **Sunrise of Pasco**: $30,000 for Mass Shelter
- **Take Charge Wellness/End Recidivism Project Extreme**: $7,500 for Other Shelter, $10,000 for Rent/Mortgage, and $5,000 for Utility Assistance (Total: $22,500)
- **Thomas Promise**: $10,000 for Other Foods

Youth & Family Alternatives: $10,000 for Mass Shelter

United Way of Pasco County is a 501(c)(3) nonprofit organization dedicated to improving lives for children, families, and individuals throughout Pasco County. We collaborate with 50 partner agencies to assist our neighbors in their darkest hours and to find sustainable solutions to major issues in our community.

We are a family owned business in operation for over 20 years specializing in both natural and traditional pest control services. We are very thorough and love to educate our customers on all the benefits of our services. We service several accounts in the Tampa Bay area and we are branching out to Pasco due to the growth and need of pest control services in the area. We are an honest, family owned company who will get the job done. We have professional references, if needed. We service everything from apartment complexes to residential homes. We provide preventative and post treatment for termites. We also prevent and eliminate general household pests.

Life is too short to be bugged.

Watering Shortage Order Extended To The End Of The Year

~~Irrigation guidelines are important during dry conditions~~

PASCO COUNTY, FL ---- As western Florida's water resources remain lower-than-normal, Pasco County Utilities urges everyone to conserve water and follow watering guidelines to drought proof your landscape. The Southwest Florida Water Management District (SWFWMD) is extending its current modified Phase I Water Shortage Order through **December 31**, which limits lawn watering to once per week.

"Recent rains in Pasco County have not been enough to combat earlier months of dry conditions in our region," says Pasco County Utilities Customer Information & Services Director Sandra Anderson. "Reservoir levels remain lower-than-normal making it vital for everyone to follow irrigation guidelines. Once-a-week watering can result in a thriving, strong, and drought-proof landscape."

Watering is only permitted once per week regardless of your watering source. Year-round irrigation in Pasco County for potable, well and surface water remains between 6 p.m. and 8 a.m. The irrigation window for Pasco County reclaimed water customers is between Midnight and 8 a.m. Using reclaimed water only when needed is just as important as conserving any other source of water.

Helpful tips on efficient landscape irrigation include:

Know your watering day by visiting bit.ly/PascoWatering

Stick to your watering schedule. Turf becomes drought tolerant. More is not better

Ensure your irrigation system is operating properly and efficiently

Email SaveH2O@MyPasco.net if you need assistance setting your irrigation controller

Tips for outdoor and indoor water conservation and efficiency are available at bit.ly/PascoLawn and bit.ly/PascoIndoor. Visit PascoCountyUtilities.com for more information about Pasco County Utilities services. Report watering violations at bit.ly/Water-Misuse or by calling 727.847.2411.

Saint Leo University Launches Cybersecurity Certification Program and Skills Courses, Beginning October 1

►$500K donation from tech entrepreneur Arnie Bellini creates program to increase number of cybersecurity professionals in fight to secure digital borders for businesses and governments

ST. LEO, FL –– For Tampa-based tech entrepreneur Arnie Bellini, cybersecurity is a mission —the need to secure digital information is crucial to the safety and success of the United States and the world.

Now Bellini is taking steps to ensure that more people have the skills to protect businesses, organizations, and the nation. With funding from Bellini, Saint Leo University is launching a new cybersecurity certification program and skills courses, beginning Tuesday, October 1.

Dr. Edward Santiago
Saint Leo University

Saint Leo University's College of Computing, Artificial Intelligence, Robotics, and Data Science (CARDS) is partnering with ConnectWise founder Bellini and John Strand, owner of Black Hills Information Security, to offer this online, self-paced program. Dr. Edward Santiago, assistant professor of computer science at Saint Leo, will be the instructor.

The curriculum for the cybersecurity certification program includes three courses:

- **Security Operations Center Core Skills**
- **Getting Started in Security**
- **Introduction to Cyber Deception**

Participants who complete each course will be awarded a digital badge while those who complete all three courses will earn a certificate. Register at www.saintleo.edu/cybersecurity.

Bellini also donated software to Saint Leo University to create an immersive cybersecurity lab for hands-on student learning. The new lab features simulation software for practicing digital attack prevention and will support both the cybersecurity certification program and the university's cybersecurity degree programs.

Those enrolled in the new online cybersecurity certification program in Saint Leo's Skills Academy will engage in real-world scenarios through the advanced cybersecurity simulation tool and receive direct access to course facilitators through discussion boards.

The cost of the certification program (three courses) is $2,750. Cost for an individual skills course is $1,000. Each course takes approximately six hours to complete. Access to each course is available for up to six weeks.

Cyber 'Help Wanted', Training Needed

The National Security Agency (NSA) & Department of Homeland Security and its affiliated federal agencies have designated Saint Leo University as a National Center of Academic Excellence (NCAE) in Cybersecurity and certified that Saint Leo's curriculum in cybersecurity meets or exceeds the requirements and standards expected of a leader in advancing cybersecurity education.

"The global cost of cybercrime is a staggering $8 trillion," said Bellini, managing director of Bellini Capital. "Nation-states must defend their digital borders with the same urgency as their physical ones. We chose Saint Leo for this mission to significantly increase the number of cybersecurity professionals, given the university's strong reputation in cybersecurity training."

According to *Cybersecurity Ventures*, in 2023 there were 3.5 million cybersecurity job vacancies, and the gap between demand and supply is expected to continue through at least 2025.

With that need in mind, Saint Leo University faculty will offer the structured cybersecurity certification program with the aid of Strand and Bellini's expertise. "We want to equip security practitioners with affordable and accessible training," said Dr. Derek Mohammed, dean of the College of CARDS.

Educational content will be aligned with CompTIA (Computing Technology Industry Association) and CompTIA Advanced Security Practitioner (CASP+) certification.

The skills courses and cybersecurity certification program are intended for those with some prior knowledge of cybersecurity, but the program is practical. Individuals can "apply today, learn tomorrow," Mohammed said.

"The Tampa Bay area is quickly becoming a cybersecurity hub of talent and innovation," added Bellini. "Our collective efforts will provide a talent pipeline for the many Tampa Bay organizations working to eliminate cybercrime."

Learn More

Saint Leo University's cybersecurity certification program will begin October 1. To enroll, register at http://www.saintleo.edu/cybersecurity. For more information, email katie.chamberlain@saintleo.edu or call (352) 588-8857 or (352) 789-0042.

About Saint Leo University

Saint Leo University is a Catholic Benedictine university dedicated to helping learners of all backgrounds and ages gain the competence and courage to be more. Offering more than 60 degree programs to more than 14,190 students each year, the nonprofit university is known for providing a values-based education in the liberal arts tradition and a community of belonging for those who seek a greater purpose in life. Saint Leo is regionally accredited and offers a campus in the Tampa Bay area of Florida, regional education centers, and several online programs. The university is home to more than 104,000 alumni. Christmas Kumquat Soup

Ingredients:

6	Carrots, medium
3 pads	Butter
1/3 cup	Orange juice, fresh
12 tbsp	International cream, cinnamon hazelnut
½ cup	Water (for carrots)
12-15	Kumquats, quartered & seeds removed
Dollop	Sour cream
Sprig	Mint

Procedure:

Cut up carrots and steam in ½ cup water until tender. Place carrots, 3 pads of butter, and carrot water in blender; purée. Add 1/3 cup fresh orange juice. Add 12 tablespoons of cinnamon hazelnut international cream. Place all together in a glass bowl and set aside. Place kumquats in boiling water, cook until soft, and then purée in blender; keep kumquat water. Combine kumquat purée with carrot purée in glass bowl and mix. Garnish with dollop of sour cream and a sprig of mint.

Category: Miscellaneous / Place: 1st

Kumquat Salad

Salad Ingredients:

4	Kumquats
2	Bananas
¼ cup	Cream mayonnaise
	Lettuce

French Dressing Ingredients:

3 tbsp	Lemon juice
5 tbsp	Olive oil
¼ tsp	Salt

Procedure:

Wash but do not peel kumquats. Combine olive oil, lemon juice, and salt and mix well (French Dressing). Slice kumquats very thinly and place in French Dressing and let set for 10 minutes. Slice bananas and add to kumquats. Pour cream mayonnaise (equal parts mayonnaise and whipped cream) over all. Serve on bed of lettuce leaves.

This recipe came from "Tried and True Grit Recipes-95 Years of Home Style Recipes". It was submitted to *Grit Magazine* on June 21, 1914.

EASTPASCOCHAMBER.ORG/EVENTS/

The storms of life are inevitable. Whether it's the biting snow of the Northeast, the trembling earthquakes of California, the swirling tornadoes of Alabama, or the fierce hurricanes of Florida. Each storm leaves its mark—sometimes on the landscape, other times on our hearts. The aftermath can take years to mend, and often, we lean on those around us to help pick up the pieces.

In the quiet moments, after the winds have calmed and the waters recede, we find that no earthly help can truly soothe the wounds left behind. Not the comforting words of friends, the generosity of aid, or the shelter that offers us temporary refuge. These things, while good, cannot restore what's been lost deep within.

To find peace that goes beyond understanding, we need to turn to Jesus. He walks with us through every storm, offering strength when ours fails and comfort when fear threatens to overwhelm. As we find ourselves in the midst of yet another season of uncertainty, I invite you to welcome Him into your life. In His presence, peace and joy aren't just possible—they're promised.

"The Lord is good, a stronghold in the day of trouble; He knows those who take refuge in Him." (Nahum 1:7)

Open Position on Pasco County Tourist Development Council

~~Florida's Sports Coast seeks tourism professional to join advisory council~~

PASCO COUNTY, FL ---- Pasco County's Destination Management Organization, Florida's Sports Coast, is seeking a tourism industry professional to be the newest member to serve on the Tourist Development Council (TDC).

Applications are being accepted online through October 15, 2024: mypas.co/AdvisoryBoards

The TDC is an advisory council to the Pasco Board of County Commissioners, made up of elected officials and tourism industry professionals, who provide recommendations to the staff of Florida's Sports Coast on exciting promotional/partnership proposals, marketing opportunities and oversight of tourism tax expenditures – also known as the "Bed Tax."

"We continue to move Florida's Sports Coast into the next chapter of the brand, and we look forward to finding a council member who's committed to the development and future of Pasco County as a destination," says Executive Director Adam Thomas.

Position Details:

The opening must be filled by an active tourism professional i.e., an owner/operator of a tourism attraction, motel, hotel, restaurant, recreational vehicle park or other tourist accommodation in the county that is subject to the tourist development tax.

TDC members serve staggered, four-year terms.

Positions are *voluntary*, with no financial compensation.

The TDC typically meets monthly – alternating between New Port Richey and Dade City. Applicants must live and be registered to vote in Pasco County

For more information about the Pasco County Tourist Development Council, including members and the 2024 meeting schedule, click HERE.

Saint Leo University Says 'Welcome Home' to More than 800 New Students During Move-In Days

Majority of new, transfer students from Florida

ST. LEO, FL – It was a day for excitement and a few nerves for new students as they arrived at Saint Leo University today (Thursday, August 22) to begin their college careers. They were greeted by faculty, staff, coaches, athletes, orientation leaders, and other fellow students who helped unload their vehicles and carry their belongings into the residence halls.

More than 800 new and transfer students are registered and moving into residence halls, and **classes begin on Monday, August 26**, at the campus in Pasco County as well as online and at the university's regional education centers in Florida and Savannah, GA.

"There's lots of emotions," said Adrianna Rodriguez, a freshman from Spring Hill, FL, as she unpacked. "A little bit scared, a little anxious," but overall, the communication and journalism major was looking forward to life at Saint Leo and beginning her studies.

For mom Christine Conlon of New Hampshire, dropping off son Zachary at Marmion-Snyder Hall also brought out those feelings, but she was confident and comfortable with leaving him at Saint Leo, joined by his roommate Mekhi Thomas of New Port Richey, FL. While visiting in July, the family was at a restaurant and when everyone heard why they were in the area, "they all just said so many nice things about the university."

Zachary Conlon, who is majoring in sport business and communication, chose Saint Leo for a reason that is common — to get out of the cold. Dad B.T. Conlon said that while Zachary was making college visits in the north, his son noted, "there was no way I'd get out of bed in the morning in the cold."
"Out of all the warm places he visited, he said this feels like home," Christine Conlon added.

Christine and B.T. Conlon will be flying back to New Hampshire on Friday. "I wanted to stay but I was told to leave," Christine said laughing.

Roommates and best friends Hattie Robertson and Lexus Ottum from Mount Dora, FL, are ready for the school year to begin. "I'm excited about the classes and meeting all my professors," said Robertson, who is majoring in medical humanities-health humanities. Ottum, who is pursuing a degree in elementary education, said she's really looking forward to the course Evaluating Global Warming, one of the science offerings in University Explorations, Saint Leo's general education program, which gives students a well-rounded foundation in arts and sciences. "I'm interested in learning about the world that is around us," Ottum said.

Making the choice of Saint Leo University was easy for Evan Bagniuk, who is majoring in business administration. It was close to home for Bagniuk, who is from nearby Land O' Lakes, FL, and he and his family attend Mass at Saint Leo Abbey Church. "It's close, and I just love the campus," he said while his dad, Stan Bagniuk spoke with Dr. Jen Shaw, vice president of Student Affairs. "I'm looking forward to getting to know people and getting to know the campus."

Bagniuk has good company as 64 percent of the news students are from Florida.

For Aubrey Wallace of Plant City, FL, Saint Leo University is a family affair with her grandfather Freddie Armour as a proud alumnus. Armour earned a bachelor's degree in management in 2017 and is pursuing a Master of Business Administration degree. Wallace, who is majoring in criminal justice-homeland security was embraced in hugs by mom, Maria Boyd along with her grandparents Jovannie and Freddie Armour. "She doesn't want to let go," Freddie said of Boyd as she gave Wallace a final hug.

Advice for New Saint Leo Lions

“Our faculty and staff have been preparing for our students’ arrival on campus and working to make Saint Leo University feel like home and a place of belonging,” said Dr. Ed Dadez, university president.

He advised students to take advantage of the resources and opportunities available to them including the offices of Student Success, Career Services, and Counseling Services, and encouraged them to participate in the many activities offered by the university. “Don’t forget that this community is here to help you be your best self and pursue a greater purpose in life,” Dadez added.

Tamar Olguin Alzate, a junior and the Student Government Union (SGU) president, echoed the university president’s “get involved” message.

“My advice to new students is don't feel bad about asking questions,” she said. “Ask as many questions as possible, whether in class or exploring campus. It's the best way to learn and get comfortable. Saint Leo gives you all the tools you need to be successful, the community is welcoming and supportive, and there's always someone willing to help.”

Rate Changes for Pasco County Utilities Customers

~~ New water, wastewater and reclaimed water rates beginning October 1 ~~

PASCO COUNTY, FL ---- Pasco County Utilities customers should anticipate **rate changes** on their water, wastewater and reclaimed water bills effective **October 1, 2024**. The average residential water and sewer customer, using 6,000 gallons per month, will see a billing increase from $86.15 to $88.65 – a difference of $2.50.

Residential reclaimed water customers will also experience small increases in the reclaimed water base charge and the Back-Flow Prevention Device fee as follows:

Reclaimed Water Base Charge: $11.79 increases to $12.20 – a difference of $0.41 per month

Includes the first 10,000 gallons

$1.18 increases to $1.22 for every additional 1,000 gallons – a difference of $0.04

Back-Flow Prevention Device Fee: $6.42 increases to $6.64 – a difference of $0.22

Pasco County is proud to offer its customers high-quality services. A full list of rates and fees is available online at bit.ly/pcurates. Pasco County Utilities rates, fees, and charges benefit all customers, as Pasco County Utilities uses these revenues to operate, maintain, repair, and replace water, wastewater, and reclaimed water systems and services.

A four-year rate schedule went into effect October 1, 2021, with changes adopted from a Cost-of-Service Rate Study approved by the Pasco Board of County Commissioners. The study includes projected annual adjustments to service rates, fees, and charges through September 30, 2025.

Visit PascoCountyUtilities.com for more information about Pasco County Utilities services.

NatureCoaster.com Plans Exciting Show Schedule for 2024-5 Season

After working with several organizations throughout the Nature Coast, Diane Bedard, Publisher of NatureCoaster.com announced their 2024-2025 Show Schedule.

"We are excited to meet our readers and to meet new faces to bring into the NatureCoaster.com fold. After two years of meeting the public at various festivals throughout Citrus, Hernando and Pasco Counties, we have learned that our readers love to meet the faces behind the stories, so we took on an action-packed schedule this year," Diane said.

It all began with the Manatee Festival several years ago. After reading the book, Purple Cow, by Seth Gordon, Diane came up with the idea of publishing an area map and giving it to festival attendees. As part of the publication's ongoing sponsorship, Jade White with the Citrus County Chamber suggested NatureCoaster.com have a festival booth and the rest is history.

"We still give free maps and NatureCoaster stickers to festivalgoers throughout the Nature Coast, as well as sell logo caps and mugs," Diane says. "It is heartwarming to meet readers who look forward to their weekly e-zine or follow us on social media… and it is fun to share the website with those who are enthusiastic about our content."

Any of the NatureCoaster.com partners are welcome to join us at any of the festivals to help promote their organization. We love to add value to our partnerships!

Starting Saturday, September 14, you will be able to find NatureCoaster.com at the Citrus Business Expo where we will have a gift basket featuring NatureCoaster.com's delicious blackberry/blueberry table wine (must be 21 or older to win), a couple of glasses, coasters and a map to help you plan your picnic on the Nature Coast.

Other events we plan to attend include:

Date	Festival	Location
10/26/2024	Monarch Butterfly Festival	Dade City
11/9/2024	Veterans Music Fest	Brooksville
1/18/2025	Manatee Fest	Crystal River
1/25/2025	Kumquat Festival	Dade City
2/8/2025	Pigz in Z'Hills	Zephyrhills
2/22/2025	Walk of Arts 2025	Inverness
3/1/2025	Strawberry Festival	Floral City

It is possible that we will add or subtract from this schedule, and if we do, we will be sure to let you know. Make your plans to attend as many or as few as fits your time. Please stop by our booth at any of these festivals, pick up a free regional map and sticker, and introduce yourself.

About NatureCoaster.com

NatureCoaster.com is an award-winning online magazine that seeks to connect the best of Florida's Nature Coast with the world. With over a quarter of a million unique visitors to our website in 2023, a weekly digest e-magazine, and an impressive social media presence, we can connect your organization with an engaged, active audience seeking new experiences and trusted vendors. Contact Diane Bedard at 352-428-2143 or Diane@NatureCoaster.com to discuss how NatureCoaster.com can help you.

SAINT LEO UNIVERSITY

Nursing Floor GRAND OPENING

Thursday, October 10, 2024
12:30 – 2 p.m.

Saint Leo University
Benedictine Hall, Second Floor
33701 County Road 52
St. Leo, FL 33574

Saint Leo University invites you to attend the grand opening ceremony for its nursing program floor. The new space will be utilized by students pursuing the Bachelor of Science in nursing and features a nursing lab, simulated nursing spaces, classrooms, a conference room, student lounge, and faculty offices.

The grand opening event will include a welcome with recognition of special guests at 12:30 p.m., and a ribbon-cutting ceremony at 1 p.m. Tours of the space and light refreshments will follow.

R.S.V.P
Please register to attend by October 3 at www.saintleo.edu/nursing-opening.

The nursing program launch and floor renovation was funded by a State of Florida appropriation award and many generous donors.

PREMIUM SOLUTIONS GROUP LAWN CARE AND LANDSCAPE DESIGN

As a commercial lawn maintenance, irrigation, and landscape design company we offer a comprehensive range of services to meet your outdoor needs. With over 20 years of experience our professional team is committed to enhancing the beauty and functionality of your property.

Services:

Lawn Maintenance:

We offer regular mowing, trimming, edging, and debris removal to ensure your lawn remains healthy and aesthetically pleasing.

Irrigation System Installation and Repair:

We design, install, and maintain efficient irrigation systems tailored to your landscape, ensuring proper hydration for your plants and minimizing water waste.

Landscape Design and Installation:

Whether you need a complete landscape makeover or a simple enhancement, our team will work closely with you to create a stunning outdoor environment that aligns with your vision and budget.

Planting and Mulching:

We specialize in selecting and planting a wide variety of trees, shrubs, and flowers that thrive in the Florida climate. Additionally, we provide mulching services to promote soil health, reduce weed growth, and enhance the overall appearance of landscape beds.

PREMIUM SOLUTIONS GROUP JANITORIAL AND MAINTENANCE

Premium Solutions Group Commercial Janitorial and Maintenance has over 20 years of experience in creating and maintaining clean and sanitary environments that are both welcoming and safe. We take great pride in our ability to enhance the atmosphere of businesses, making them more inviting to the public and clients alike. Our extensive range of services is tailored to meet the diverse needs of our clients.

OUR SERVICES

Contact us today to schedule a consultation

Janitorial cleaning:

Thorough cleaning of floors, carpets, windows, restrooms, and common areas to maintain a clean and hygienic environment.

Floor care:

Regular sweeping, mopping, and vacuuming of different types of flooring, along with floor stripping, waxing, and polishing to maintain their appearance and longevity.

Trash removal:

Collection and disposal of waste and recyclables to maintain a clean and clutter-free space.

Restroom maintenance:

Detailed cleaning and sanitization of toilets, sinks, mirrors, and other bathroom fixtures to ensure a fresh and sanitary environment.

Dade City, FL 33525
Starting at 9:30 am

Pick Up Location #2
Welcome Center
37800 Church Avenue
Dade City, FL 33525
Starting at 9:40 am

Park downtown and hop on the FREE trolley to the Festival. Parking is available in City and County owned lots and many other areas around the downtown. The Jolley Trolley will be traveling from Downtown Dade City to the Dade City Garden Club during the Festival from 9:30 am to 4 pm, thanks to the support of our generous Trolley Sponsor and Festival partner.

Thank you!
